The captain has a magnificent war record, having been in fifty battles and skirmishes. The members of his company celebrate annually at his old home but as he could not be with them he celebrated with the members of his family. We tender our best wishes to the captain.

Another thing we want to mention. Have you noticed that THE TRIBUNE is giving Stuart-on-the-St. Lucie considerable mention in its columns? In last week's issue it referred to Stuart in its report of the canal survey and also editorially. It is these notices, placed in news of great interest, that attracts attention. Is it not up to the people to give their heartiest support to the paper that best serves and advertises Stuart? If you are not a subscriber just give your name and dollar to W. A. As it is almost impossible to get any laundry work here that will fill the requirements of our hotels and families that desire the very best laundry work, many are asking "What shall we do?" Laundries have been tried but do not fill the bill, as the clothes often arrived in bad order and sometimes were missing. As a remedy it is suggested that we have a co-operative laundry, employ a competent foreman, and do our own washing. It would do no harm to look into that idea and see what could be done about it. Think it over and talk with your neighbors.
